Healthcare Quality Management

PGDip

Healthcare Management

PGDip

Why study one of these programmes?

These new programmes enable you to study towards a postgraduate diploma by completing four online learning courses. Each course runs for 12 weeks, with start dates in April and October each year.

These programmes are suitable for:

- Biomedical scientists
- Clinical scientists
- Laboratory, hospital and health service managers
- Other healthcare professionals, including nurses, pharmacists and medical technical officers
- Quality managers
- Health and safety managers
- Risk and governance managers.

We offer:

- A high level of learning support with a tutor:student ratio of 1:10
- A flexible, practical way to learn
- 100 continuing professional development points from the Institute of Biomedical Science for each course you complete.

What will you study?

PGDip Healthcare Management

- Quality Systems Management
- Three options from: Blood Transfusion; Clinical Data Interpretation; Governance and Risk Management; Immunocytochemistry in Diagnostic Cellular Pathology; Implementing Advanced Quality Management; Management of Healthcare Associated Infection; Managing Learning and Development; Point of Care Testing; Robotics and Automation

Fees information

The schedule of fees is available at **www.biomedonline.co.uk**. There is a discounted fee for members of the IBMS and students who work at an organisation represented on the Biomed Online Consortium. Please see the website for the consortium members.

Further information

To find out more, or to make a booking, please visit **www.biomedonline.co.uk**.

“The course was very well structured, the flow of information was very coherent and the activities helped me comprehend what was taught in each topic.”

Eleni Kerasioti

Imperial College Healthcare NHS Trust

“My understanding of quality has increased dramatically and I enjoyed the course enormously.”

David Bennett

University College London Hospitals NHS Foundation Trust

“The quality of teaching was superb, with timely feedback and constructive criticism. Regular chat sessions allow for sharing of ideas and development through communication with other course participants.”

Gareth Woods

Kettering General Hospital

“This course was really enjoyable, and I have learned a lot, which is influencing the way I think about my work.”

Rita Drobner

Royal Free London NHS Foundation Trust

Key facts

Attendance: 12 weeks (online) for each of the four courses

Entry requirements:

These postgraduate diploma awards are aimed at employees across the health sector. You may already have a qualification in a science such as biology, biochemistry, chemistry or pharmacy at a range of levels from HNC or BSc to PhD.

How to apply:
